

Deposit Anywhere

Mobile banking is all about convenience, timesaving and the freedom to bank anywhere, any time you choose. Deposit Anywhere gets you one step closer.

Quickly and securely deposit cheques with your smartphone or tablet. So whether you're at coffee with friends, at work, or staying up late to get your banking done—from now on any time is the right time to deposit cheques.

Say goodbye to line ups at the branch and at the ATM. And say goodbye right now by downloading our app to your mobile device. Once you do, you're ready to Deposit Anywhere.

Here's how it works:

1. Open the app on your smartphone
2. Select your account
3. Enter the amount
4. Snap a photo of the front and back of your cheque
5. Confirm the details
6. Send. That's it.

Then throw your cheque away.

(Yes. We just said that.)

Once you've deposited your cheque, store the cheque safely for 90 days as proof of transaction, and destroy it within 120 days. It's safe to do so as the cheque will have been completely processed with any and all queries settled by that time. Don't worry if you make a mistake, as we'll double-check everything. If you have any questions, just contact us.

Free, Fast & Secure.

Deposit Anywhere is a free service and just as secure as physical cheque cashing. Plus, it's fast. Most people complete their deposit in less than a minute and can do it from anywhere and at any time, day or night.
